

MIECHV Home Visiting in Oregon

2025

Supporting families from pregnancy through early childhood with trusted, community-based care.

The Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program in Oregon connects families with trained professionals who provide guidance, resources, and support during pregnancy and early childhood. Through trusted, relationship-based care, home visitors strengthen parenting, promote healthy development and relationships, and connect families to the services they need to thrive.

Who Is Served

Families with young children, including those who may benefit from additional support or access to services.

What Home Visitors Do

- Provide parenting support and guidance
- Connect families to health and community services
- Support child development and school readiness

Program Impact

MIECHV-funded home visiting in Oregon is making a meaningful difference for families and communities and is 100% voluntary. By meeting families where they are, these programs help improve maternal and child health, family and household relationships, support early learning, and build a stronger foundation for long-term success.

Home visitors meet families where they are, building trust that leads to lasting change.

OVERVIEW

In Oregon, home visiting:

- Supports healthy pregnancies and child development
- Strengthens parenting skills and confidence
- Connects families to critical health and community resources
- Helps identify needs early and reduce risk over time

A Closer Look

Oregon MIECHV funds three home visiting program models serving families and households in Oregon: Nurse-Family Partnership, Healthy Families Oregon, and Early Head Start-home based. These programs provide personalized support during pregnancy and early childhood, helping families access resources, strengthen parenting skills, and support healthy child development.

Services are designed to meet families where they are, offering flexible, relationship-based support that builds trust and promotes long-term well-being for children and parents/caregivers.

What We Offer

- One-on-one support tailored to each family
- Guidance on parenting, child development, and health
- Connections to local services and community resources
- Flexible visits in the home or virtually
- 100% voluntary

OVERVIEW

Spotlight on Success

With the support of her home visitor, Ashlee found the strength and support to face anxiety, depression, and the challenges in front of her. Along the way, she earned her GED and grew into the parent she wanted to be—determined to break the cycle of generational trauma and create a healthier future for her family.

MIECHV funding helps make stories like Ashlee's possible. By connecting families with trusted support and resources, home visiting can help turn the tide of generational trauma and build a lasting legacy of health, resilience, and thriving for generations to come.

Home visitors meet families where they are, building trust that supports long-term well-being.
